May to July 2019

Historic assent: *By General Body for Development Work*

The General Body of Karachi Gymkhana in its Half Yearly Meeting held on Friday 5th July 2019 gave a Historic approval for undertaking Development work in the club. Never in the history of the club had such quantum of work been approved. This approval demonstrates the confidence of members in the leadership of Mr. Fawad Salim Malik, the President of Karachi Gymkhana. It is the track record of the President which has earned him this confidence of its members.

Realizing the present and future needs of members, the present Managing Committee led by Mr. Fawad Salim Malik proposed the following new projects:-

- ❖ Another Car Parking lot which will accommodate 150 cars. This had become inevitable as the present parking space had become insufficient more particularly so when parking on Club Road is prohibited being in the red zone.
- ❖ A Synthetic Jogging/Walking Track is proposed to be laid at the existing walking track. This is an area which is most used by its members. It will not only enhance the walking/jogging pleasure of its users but from a health point of view it is going to be very beneficial.
- ❖ A new Swimming Pool plus SPA. The entire pool area is going to be re-designed to give it a look of a resort. Apart from the existing facilities, a new pool would be added in addition to new dressing rooms and SPA facilities.
- ❖ Due to cost of power increasing rapidly, it is becoming a big burden on the club expenditures. It is proposed to partially put the club on Solar Power Generation to reduce the cost of electricity charges.
- ❖ A lift for the ladies Gymnasium area.

The above are some of the major areas where development work has been envisaged for which the General Body accorded its approval. This General Body Meeting was attended by a record number of members which not only gave an overwhelming approval but also applauded the vision and farsightedness of the present President and Management for undertaking these projects for the benefit of the members.
