

## Karachi Gymkhana Newsletter

### FIRST 100 DAYS

# April

Dear Esteemed members of Karachi Gymkhana,

It has just about been the first 100 days since your new committee took over the reins of our Club. As your elected President, it gives me immense satisfaction to have received innumerable appreciation from majority of our members at the visible and positive changes brought about in the club in this short span of time. They all seem to be loving the new look of Karachi Gymkhana. We have been working tirelessly in tacking pressing issues on priority basis. The most apparent changes that were witnessed and appreciated relate to cleanliness & hygiene, quality of food, entertainment, library & cultural activities, sports and a refreshing garden. Other changes are more internal and management based, which will become known and visible very soon. We hope you would continue to give us your feedback in the form of letters or notes so that we continue to strive harder to come up to your expectations. Look forward to meet you for a chat in the club during the coming months.

Sincerely

Fawad Malik

### COST CUTTING MEASURES

For the first time in 17 years catering is in PROFIT!

Maintenance cost averages have been brought down drastically this year compared to last year.

Introduction of LED lights and energy saving airconditioners are top priority to bring down the cost of energy. The squash court was the first test case. The entire lobby and garden are now on LED.

## SECURITY

In order to improve the club environment and security, a protocol officer has been appointed who ensures that non members register and are seated in the designated areas. We thank all members for cooperating with this effort. As a result the club has regained its prestigious ambience.

## CATERING NEWS

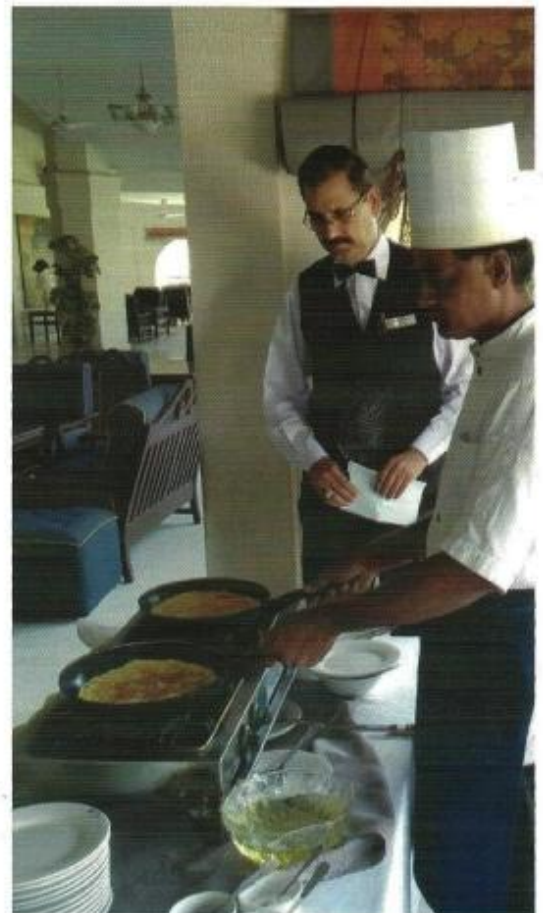

**Kitchen cleanliness** was tackled on top priority. Produce is checked thoroughly every day and supervision ensures that no substandard goods make it into the kitchen.

**Vendors prices** are being analyzed to select the most cost effective options without compromise on quality. Cost may have increased but quality of the food has also gone up as we are buying from K & N and other corporate entities

**The KG Bakery** has introduced new items and reworked old recipies. Some of the current top sellers are the walnut brownies, chocolate chip cookies and banana bread. These are a hot favourite of children and adults.

An extremely popular, resort style, cost effective breakfast has been introduced to the club on all days from 8 to 11am.

We have been receiving great reviews about our Hyderabad biryani, Jalepeno burger and Chicken Caesar Salad to name a few. Bar b que is greatly popular as always.

## NEW INTRODUCTIONS

Now enjoy **FINE DINING** on Friday nights. The new scrumptious menu items introduced are: Stuffed Mushrooms, Sushi, Beef Carpaccio and Lobster Thermidor, to name a few. More delectable menus would be continuously added. Please make prior booking to avoid disappointment.

We have inducted two new chefs from High end restaurants in the city to bring in new flavours and cuisines.
