

CONGRATULATIONS SOFT OPENING OF KARACHI GYMKHANA LODGE'S SCHEDULED FOR OCTOBER 2017

Dear Members,

It is my singular privilege and honor to inform you that the herculean task of repair, restoration and refurbishment of the club Lodge's is now in its final stages.

Soft opening of the Lodge's is scheduled for October 2017. So, mark the date.

I personally ensured that the restoration work is completed within the budget approved by the General Body in record time maintaining impeccable transparency and following the prescribed procedures of the club. Professionals of high reputation were involved so that blunders/mistakes of the past were not repeated.

The previous managements left the lodge's project in complete disarray and shambles without completing it in six years nor could they account for member's hard earned money resulting in severe action against them by the General Body of the club.

Alhamdulillah, the present management took cognizance of the same and arrested the situation.

Here are some pictures of the Lodges for your viewing pleasure.

The Lodges will be open for Members viewing from 15th October 2017 for one week between 1500 hrs. to 1900 hrs.

Please visit the lodges on the above dates and time and favor me with your valuable comments.

Regards and best wishes

Fawad Salim Malik
President
